Upper-Intermediate	

Andrii Bratanin

C#/.NET Developer

Self-managed developer who likes to investigate and whose work experience focuses mostly on back-end. I would like to complement a strong proactive "continuous delivery"-aware development team working on a project that requires to make long-term architectural decisions and master new technologies, thus encouraging to gain new expertise and grow skills. I am fond of automation, containerization and virtualization.

WORK EXPERIENCE

Luxoft .Net Developer	(08/2012 - 11/2013)
<ul style="list-style-type: none">Financial Analytic System to detect violations in auctions.
